TERMINAL DISCLAIMER

Commissioner for Patents
P.O. Box 1450
Alexandria, VA. 22202-3514

Sir:

I, Joseph DeBenedictis, represent that I am the attorney of record for the above-identified application and the present invention.

Integran Technologies, Inc. (henceforth referred to as "Assignee") is the owner of the entire right and title to the above-captioned patent application and the invention and improvements therein disclosed for the United States, by virtue of an assignment from the inventors to said Assignee dated May 23, 2000, and recorded at Reel 10826, Frame 913, on May 26, 2000.

The terminal part of any patent granted on the above-captioned application which would extend beyond the expiration date of the full statutory term as shortened by any terminal disclaimer, of any patent that would issue from U.S. patent application no. 09/991,702 is hereby disclaimed; and the terminal part of any patent granted on the above-captioned application which would extend beyond the expiration date of the full statutory term as shortened by any terminal disclaimer, of any patent that would issue from U.S. patent appl. no. 09/412,610 is also hereby disclaimed. Any patent granted on the above-captioned application shall be enforceable only for and during such period that the legal title to said patent shall be the same as the legal title to the U.S. patent application nos 09/977,702 and 09/412,610; this agreement to run with any patent granted on the above-captioned application and to be binding upon the grantee, its successors or assigns. However, no rights available under the provisions of 35 U.S.C. §§155 and 156 are hereby waived.

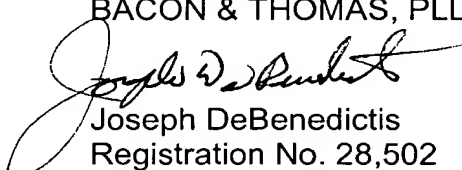

S.N. 09/579,531

No terminal part is disclaimed of any patent granted on the above-captioned application prior to the expiration date of the full statutory term as shortened by any terminal disclaimer of any patent that is granted on U.S. patent application no. 09/991,702 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term, except for the separation of legal title stated above.

No terminal part is disclaimed of any patent granted on the above-captioned application prior to the expiration date of the full statutory term as shortened by any terminal disclaimer of any patent that is granted on U.S. patent application no. 09/412,610 in the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims cancelled by a reexamination certificate, or is otherwise terminated prior to the expiration of its statutory term, except for the separation of legal title stated above.

The Terminal Disclaimer fee of \$110.00 is submitted herewith. Please charge any additional fees or credit any overpayments in connection with this paper to Deposit Account No. 02-0200. A duplicate copy of this paper is enclosed.

Date: April 20, 2004

Respectfully submitted,
